

SS-CAB-1801 M-Bus Communication Cable

CAB-1801 is a special M-Bus communication cable designed to M-bus communication networks. The M-bus is the European standard communication protocol metering systems. The M-Bus communication standard is EN-13757.

Features

- Cable specifically designed for M-Bus systems
- LSHF (Low Smoke Halogen Free)
- 1 x 2 x 18AWG Cable with Tinned Copper Conductors
- Cores Twisted Into Pair

Model Type	Model	Description
	SS-CAB-1801	LSHF M-Bus Cable, 1 x 2 x 18AWG, Pink
Technical Data	Conductor	18(16) AWG Tinned Copper Conductor
	Insulation	Low Smoke Halogen Free
	Sheath	Low Smoke Halogen Free
	Working Voltage	300 V
	Spark Test	1000 V
	Pair Lay Length	50 mm
	Maximum Capacitance	Core to Core <80pF/m
	Core Identification	Black/Red
	Sheath Colour	Pink
	Nominal Outer Diameter	6.0 mm
	Temperature Rating	80°C
	Weight	37kg/km
	Agency Listings	EN-13757 RoHS Compliant
